

Simply Reading Samples

Unit 3

Materials:

- letter and sight word cards from previous units
- letter cards: **b-f-o-g**
- letter tiles: all previous tiles + **b-f-o-g**
- sight word card: **the**

- Review the letters and sight words that are not yet mastered. Continue adding to the “mastered” pile of cards and review them occasionally.
- Using the letter cards, teach your student the letter names and sounds for the letters **b-f-o-g**.
 - Show your student the letter to be learned and tell them both the name of it and the sound(s) it makes.
 - Have your student repeat only the sound back to you.
 - Now, reverse the process by saying a sound and have your student tell you what letter makes that sound.
 - You can also lay out the letter cards, say a sound, and have your student point to the correct letter.
- Show your student the sight word card **-the-**.
 - Tell your student the word and have them repeat it back to you.
 - Tell them to use their mind like a camera, and take a picture of the word.
 - Then tell them to close their eyes and look at the picture they took in their mind.
 - Tell them to keep that picture in their mind because they will need to tell you this word in the next lesson.
 - Practice this as many times as necessary.

- Show your student the letter tiles **b-f-o-g**. Review the names and sounds of each letter.

Choose a few of the following words to make with the tiles

tag	fog	bog	bat	got	fig
pig	fit	bag	big	gas	sag
tab	rag	Bob	rob	rib	bib
top	cab	fat	bit	cob	mom

Have your student sound-out each word.

- Try making a simple word chain. Start by making the first word with the letter tiles, then have your student change one letter to make the following word, and so on.

fog → bog → bag → bat → cat → cap → tap → tip → rip

- Give your student a high five!

b f o g

Words

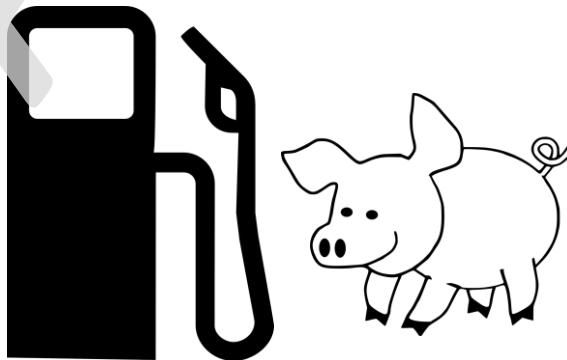

tag fog bog
bat got pig rip
bag big gas

Sight Words

is a the

Sentence

The pig got gas.
